CERTIFICATIONS AND TRADE MARKS/CERTIFICAZIONI E MARCHI

Our lighting fixtures are wired according to Class I specifications. Additional safety precautions against electric shocks are provided besides the insulation of the incoming feeder. All touchable metal components are connected to the grounding. Fixtures wired according to Class II are provided with double insulation, without grounding, while the Class III ones are safe because of the low voltage. High thermic resistance wires are used and halogen bulbs are fitted with glass protector. Epoxidic powders lacquering to guarantee perfect scratch resistance. For easier cleaning of glass diffusors some lukewarm water with vinegar is recommended.

Nei nostri apparecchi, cablati secondo le norme relative alla classe I, la protezione contro le folgorazioni si basa, oltre che sull'isolamento del cavo di alimentazione, su una misura di sicurezza supplementare, costituita dal collegamento delle parti metalliche accessibili ad un conduttore di protezione (messa a terra), in modo che tali parti non possano in ogni caso divenire pericolose. Nel caso di apparecchi cablati in classe II, la protezione viene garantita da misure di sicurezza supplementari, costituite da un doppio isolamento delle parti in tensione. Queste misure non comportano l'adozione di dispositivi per la messa a terra. Gli apparecchi appartenenti alla classe III basano la propria sicurezza sull'adozione di una tensione di alimentazione estremamente bassa. I nostri apparecchi sono corredati da cavi ad alta resistenza termica e, in ottemperanza alle norme di sicurezza contro lo scoppio delle lampadine alogene lineare, da schermi protettivi in pyrex. Le laccature sono eseguite con polveri epossidiche essiccate in forni ad alta temperatura, metodo che garantisce la massima resistenza ad urti ed abrasioni. Per facilitare le normali operazioni di pulizia dei vetri, consigliamo una soluzione di acqua tiepida ed aceto.

This mark guarantees that the product has passed all the tests established for electrical safety standards by the European Community
Questo marchio indica che il prodotto ha superato positivamente tutte le prove previste dalle normative per la sicurezza elettrica, richieste dalla Comunità Europea. Normative EN 60598-1 corrispondenti alle norme Italiane per la sicurezza elettrica CEI 34-21

This marking is used on products for export to the russian, Belarusian, kazakh market, which guarantees that the product conforms to the safety requirements of these countries
Questa marcatura e utilizzata per prodotti diretti al mercato russo, bielorusso, kazaco. Garantisce la conformità del prodotto ai requisiti di sicurezza: Russia, Bielorussia, Kazakistan

FIXTURE CLASS I - Safety is guaranteed when earthed
APPARECCHIO IN CLASSE I - La sicurezza viene garantita con la messa a terra

FIXTURE CLASS II - A fixture where protection against electric shock does not rely only on the main insulation but also further safety measures involving double insulation or reinforced insulation

APPARECCHIO IN CLASSE II - Apparecchio nel quale la protezione contro la scossa elettrica non si basa unicamente sull'isolamento principale ma anche sulle misure supplementari di sicurezza costituite dal doppio isolamento o dall'isolamento rinforzato.

FIXTURE CLASS III - A fixture where protection against electric shock depends on the very low and safe voltage supply, guaranteeing no higher voltage levels are generated. N.B. a Class III fixture does not necessarily require grounding protection

APPARECCHIO IN CLASSE III - Apparecchio in cui la protezione contro la scossa elettrica si basa sull'alimentazione a bassissima tensione di sicurezza e in cui non si generano tensioni superiori alla stessa.
Nota: un'apparecchio in classe III non deve essere provvisto di messa a terra di protezione

INDEX PROTECTION - A symbol that identifies the protection index against solid particles or liquids entering the fixture.

GENERAL TERMS AND CONDITIONS OF SALE

ART. 1 - GENERAL ASPECTS

1.1 The terms and conditions set out hereunder (the “LEUCOS General Terms and Conditions of Sale”) are an integral part of the offers and/or proposals made by Leucos (hereinafter “Seller”) and of the contracts concluded between Seller and any purchaser (hereinafter “Purchaser”) concerning the sale of lighting devices and components, available in the collections bearing the LEUCOS trademark and included in the related catalog, as created and modified from time to time (hereinafter the “Products”).

1.2 The LEUCOS General Terms and Conditions of Sale shall apply to all transactions concluded between Seller and Purchaser, without the need for an express reference thereto or for a specific agreement to this effect upon the conclusion of each transaction. All other terms and conditions shall only apply where confirmed in writing by Seller.

1.3 Seller reserves the right to amend, add to or vary the LEUCOS General Terms and Conditions of Sale, appending such variations to the offers or any correspondence sent to Purchaser in writing.

ART. 2 - PRODUCT AVAILABILITY

2.1 Purchaser is aware and accepts that the Products shall be solely those available when the contract is concluded and/or the order is confirmed by Seller.

2.2 Seller reserves the right not to fill an order if the Products can no longer be manufactured or supplied for any reason.

ART. 3 - CONCLUSION OF THE CONTRACT

3.1 Contracts governing the supply of Products shall be considered concluded when Purchaser receives confirmation of its order from Seller.

3.2 Orders and order confirmations must be drafted in written form and signed by Purchaser and may also be sent by fax or e-mail.

3.3 If an order is preceded by an offer by Seller, Purchaser must refer thereto for the issue of the order, it being understood, in any event, that the terms and conditions of supply specified in the offer shall become binding for Seller only if, and to the extent that, the order is subsequently confirmed by Seller in writing.

3.4 Orders and/or modifications of orders made orally or over the telephone shall be confirmed in writing by Purchaser, which shall then receive the pertinent order confirmation from Seller. If this does not occur, Seller assumes no liability for any errors or possible misunderstandings.

3.5 Purchaser shall be liable for the costs of any modifications or transformations to be applied to the Products, where possible.

3.6 Where the purchase and sale contracts provide for multiple deliveries over time, Seller reserves the right to make all modifications of an aesthetic, size and technical nature to the Products that prove necessary or appropriate, in accordance with their functional characteristics and applicable legislation, without this entitling Purchaser to make any demands or claims or any kind.

ART. 4 - PRICES AND PAYMENTS

4.1 Unless otherwise agreed, prices are stated in euro, inclusive of packaging, but exclusive of VAT, indirect taxes, excise taxes and any taxes for which Purchaser is liable, which shall be paid by the latter. In the event of exemption, Purchaser shall provide Seller with the appropriate documentation.

4.2 Seller may modify the prices of the Products at any time as a consequence of an increase in the costs of raw materials and labor. However, the Products shall not be delivered or offered at increased prices without prior notice.

4.3 Unless otherwise agreed, payments shall be made on Seller’s premises, in accordance with the agreed terms and conditions. The terms of payment shall begin to run from the date of the invoice.

4.5 In the event of agreed partial returns, the goods shall nonetheless be paid for in full. After receiving the payment from Purchaser, Seller shall issue a credit note for the return received in accordance with the same terms and conditions of payment applied to Purchaser in the contract.

ART. 5 - NON-PAYMENT OR DELAYED PAYMENT

5.1 Payments may not be delayed and/or withheld for any reason. Any complaints or claims shall not give rise to the right to refuse payment or to offsetting.

5.2 Notwithstanding all rights granted to Seller, in the event of delayed payment or non-payment according to the agreed terms, or of refusal to accept delivery of the Products purchased, and without prejudice to rights relating to ownership:

- late payment interest shall apply, in accordance with Legislative Decree 231/2002, with effect from the date on which the payment comes due;
- Seller may suspend delivery of the Products, suspend the warranty until resumption of payment, without prejudice to the applicable due date, and allocate the sums previously received to the accounts past due;
- the acceleration clause having come into effect, Seller shall be entitled to demand immediate payment of the residual amount due.

ART. 6 - DELIVERY TERMS

6.1 Unless otherwise agreed in writing, no delivery term indicated shall be binding for Seller. Unless otherwise agreed between the parties, delivery terms shall be indicative, as stated in the order confirmation.

6.2 Any liability relating to deliveries deriving from force majeure or other unforeseeable events – including, without limitation, those set out in Art. 12 hereunder – not attributable to Seller shall release Seller from its obligation to comply with the agreed delivery term, even if binding.

6.3 Regardless of the agreed delivery terms (carriage paid to designated port or carriage forward) and of shipping and insurance costs, delivery shall be considered to have been made, and risks transferred accordingly, in all cases and for all intents and purposes, when the goods are loaded onto the vehicle at the moment of departure from Seller’s facility.

6.4 If Purchaser does not collect the Products or accept delivery thereof, Seller shall be entitled, once 15 days have elapsed from notice, and without prejudice to the legal remedies, to terminate the contract and resell the Products not collected, informing Purchaser or the terms and conditions of sale, while definitively retaining the the advance and any installments of the price already paid by the Client, by way of penalty. The difference between the contractual price (plus the costs of storage and safekeeping) and the proceeds of resale to third parties shall be due from Client, and late payment interest shall accrue on this amount at the rate specified in Art. 5.2 a). The foregoing is without prejudice to Seller’s right to compensation for any additional damages suffered.

ART. 7 - RETENTION OF TITLE AND TRANSFER OF RISKS

7.1 Seller shall retain title to the Products until they have been paid for in full, along with all additional costs.

7.2 Once delivery has been made, Purchaser shall be liable for all damages that the Products may suffer or cause.

7.3 Until payment in full, the Products may not be resold without Seller’s prior written consent.

ART. 8 - WARRANTY TERMS

8.1 The Products are manufactured in accordance with applicable legislation and Seller offers a warranty for a period of 24 (twenty-four) months from the date of delivery.

8.2 All defects shall be reported according to the conditions indicated in Art. 14 below within eight (8) days of the date of delivery. In the event of latent defects, the period of eight (8) days begins when the defects are discovered.

8.3 If Purchaser is a “Consumer” as defined in Art. 3 of the Consumer Code (Legislative Decree 206/2005), any defects of conformity of the Product must be reported within two (2) months of discovery.

8.4 Seller shall not be liable for any defect in the Products due to drawings, designs or technical specifications provided by Purchaser, or for defects due to wear and tear, inappropriate or improper storage or use, negligence or unskilled use, tampering with or alteration of the Products by Purchaser or by third parties.

8.5 Seller shall not be liable for damages or losses of any kind or nature suffered by part or all of the Products during shipment, regardless of whether shipment is provided by a carrier engaged by third parties, by Purchaser or by Seller, which in this latter case renders no warranty in respect thereof, and shall be released from its delivery obligation by simply delivering the goods to the carrier.

8.6 If a complaint of flaws or defects proves to be justified, the warranty shall be limited to replacement or repair of the defective Products or components, expressly excluding any termination of the contract, reduction of the price, suspension of payment or suspension of the warranty. Replacement of the defective Products shall be at Seller’s discretion, following inspection in its laboratories.

ART. 9 - LIMITATION OF LIABILITY

9.1 Seller shall not be liable for direct, indirect and consequential damages, without any limitation whatsoever, suffered by property or persons during the use and/or maintenance of the Products sold. In such cases, Purchaser shall hold Seller harmless and immune from any claims, actions, procedures and/or complaints by harmed third parties against Seller.

9.2 In any event, Seller’s liability shall be limited to the cost of the defective products that gave rise to this liability, as quantified by the net price invoiced to Purchaser.

ART. 10 - INDUSTRIAL AND INTELLECTUAL PROPERTY RIGHTS

10.1 Trademarks, patents, designs, plans, prototypes, industrial secrets, know-how and all related industrial and intellectual property rights shall be the sole property of LEUCOS and shall remain its property ever after the sale of the Products.

10.2 Purchaser must obtain Seller’s prior written permission in order to use Seller’s trademarks and/or signs in its activities.

ART. 11 - TERMINATION

11.1 If Purchaser fails to make payment within the prescribed term or commits an ongoing or serious breach, without remedying it within 30 (thirty) business days from the date of notice to perform sent by LEUCOS, Seller may terminate the contract immediately, without prejudice to any further rights.

11.2 In any event, LEUCOS may terminate the contract immediately in the event of a bankruptcy declaration concerning Purchaser, liquidation, suspension of payments, attachment, insolvency or any other situation that may affect performance by Purchaser.

ART. 12 - FORCE MAJEURE

12.1 If performance of the contract or of any other obligation (other than payment) is obstructed, limited or prevented by events of force majeure that persist for more than three (3) months, each party may terminate the contract, without any liability.

12.2 “Event of force majeure” is defined as any event that is beyond the reasonable control of the interested party, including, without limitation, strikes, lock-ins, boycotts, wars, insurrections, civil wars, acts of vandalism, compliance with laws or government orders, statutes, provisions or directives, accidents, breakdowns of plants or machinery, fires, floods, difficulties, increases in labor or shipping costs or any other circumstances capable of jeopardizing the supply of the Products.

12.3 The interested party shall inform the other party directly of the occurrence of the event of force majeure of which it has become aware and that it believes may jeopardize the performance of the contract.

ART. 13 - PROCESSING OF PERSONAL DATA

13.1 Purchaser’s personal data shall be processed in accordance with Italian legislation governing the processing of personal data (Legislative Decree 196/2003). 15.3 It is understood that only Seller, at its discretion, shall be entitled to waive the jurisdiction of the sole court of jurisdiction, as defined in Art. 15.2 above, in order to take legal action against Purchaser, in its domicile and before the Court with jurisdiction there.

ART. 16 - FINAL PROVISIONS

16.1 The rights and obligations deriving from these LEUCOS General Terms and Conditions of Sale and related purchase and sale contracts may not be assigned without Seller’s prior written consent.

CONDIZIONI GENERALI DI VENDITA

ART. 1 - ASPETTI GENERALI

1.1 I termini e le condizioni qui di seguito indicati (le “Condizioni Generali di Vendita LEUCOS”) formano parte integrante delle offerte e/o proposte formulate da Leucos (di seguito “Venditore”) e dei contratti conclusi tra il Venditore e qualsivoglia Acquirente (di seguito “Acquirente”) riguardanti la vendita di apparecchi di illuminazione e componenti, disponibili nelle collezioni contrassegnate dal marchio LEUCOS e presenti nel relativo catalogo, di volta in volta creati e modificati (di seguito i “Prodotti”).

1.2 Le Condizioni Generali di Vendita LEUCOS si applicano a tutte le transazioni concluse tra il Venditore e l’Acquirente senza necessità che vi sia un espresso richiamo alle stesse o uno specifico accordo in tal senso alla conclusione di ogni singola transazione. Qualsiasi condizione o termine differente trova applicazione soltanto se confermato per iscritto da parte del Venditore.

1.3 Il Venditore si riserva il diritto di modificare, integrare o variare le Condizioni Generali di Vendita LEUCOS, allegando tali variazioni alle offerte ovvero a qualsivoglia corrispondenza inviata per iscritto all’Acquirente.

ART. 2 - DISPONIBILITA' PRODOTTI

2.1 L’ Acquirente è consapevole ed accetta che i Prodotti siano esclusivamente quelli disponibili al momento della conclusione del contratto e/o della conferma dell’ordine da parte del Venditore.

2.2 Il Venditore si riserva il diritto di non evadere l’ordine nel caso in cui i Prodotti non possano più, per qualunque motivo, essere fabbricati o forniti.

ART. 3 - CONCLUSIONE DEL CONTRATTO

3.1 Il contratto avente ad oggetto la fornitura dei Prodotti si intende concluso nel momento in cui l’Acquirente riceve dal Venditore la conferma del proprio ordine.

3.2 Gli ordini e le conferme d’ordine devono essere necessariamente redatti in forma scritta e sottoscritti dall’Acquirente e possono essere trasmessi anche a mezzo fax o posta elettronica.

3.3 Qualora l’ordine sia preceduto da un’offerta del Venditore, l’Acquirente dovrà fare riferimento ad essa per l’emissione dell’ordine, fermo restando che, in ogni caso, i termini e le condizioni di fornitura specificati nell’offerta diventeranno vincolanti per il Venditore solo se e nei limiti in cui l’ordine venga successivamente confermato per iscritto dal medesimo.

3.4 Gli ordini e/o le modifiche di ordini effettuati verbalmente o telefonicamente devono essere confermati per iscritto dall’Acquirente che riceverà, a sua volta, la relativa conferma d’ordine da parte del Venditore. In caso contrario il Venditore non si assume alcuna responsabilità con riguardo a eventuali errori o possibili fraintendimenti.

3.5 I costi relativi ad eventuali modifiche o trasformazioni da eseguirsi sui Prodotti, laddove possibili, saranno a carico dell’Acquirente.

3.6 Laddove i contratti di compravendita prevedano più consegne nel tempo, il Venditore si riserva la facoltà di apportare ai Prodotti tutte le modifiche di natura estetica, dimensionale e tecnica che, nel rispetto delle relative caratteristiche funzionali e della normativa vigente, dovessero rendersi necessarie od opportune, senza che per ciò l’Acquirente possa avanzare pretese o reclami di alcun tipo.

ART. 4 - PREZZI E PAGAMENTI

4.1 Salvo diversa pattuizione, i prezzi sono indicati in Euro, comprensivi di imballaggio, con esclusione di IVA, imposte indirette, tasse, accise, così come qualsivoglia imposta a carico dell’Acquirente che sarà corrisposta da quest’ultimo; in caso di esenzione, l’Acquirente fornirà al Venditore appropriata documentazione.

4.2 Il Venditore potrà in qualsiasi momento modificare i prezzi dei Prodotti in conseguenza dell’aumento di costi delle materie prime e della manodopera; tuttavia, i Prodotti non saranno consegnati ovvero offerti a prezzi aumentati senza previa comunicazione.

4.3 Salvo diversa pattuizione, i pagamenti saranno effettuati presso la sede del Venditore, nel rispetto dei termini e delle condizioni concordate; i termini di pagamento decorrono dalla data della fattura.

4.5 In caso di resi parziali concordati, la fornitura dovrà essere comunque pagata per intero. Ricevuto il pagamento da parte dell’Acquirente, il Venditore provvederà ad emettere nota di accredito sul reso ricevuto nel rispetto delle stesse condizioni e termini di pagamento concessi all’Acquirente nel contratto.

ART. 5 - MANCATO O RITARDATO PAGAMENTO

5.1 Per nessuna ragione i pagamenti potranno essere ritardati e/o trattenuti; eventuali reclami o contestazioni non daranno diritto al rifiuto del pagamento ovvero ad eventuali compensazioni.

5.2 Fatti salvi tutti i diritti riconosciuti al Venditore, in caso di ritardo o difetto di pagamento entro i termini convenuti, o di rifiuto di presa in consegna dei Prodotti acquistati e senza pregiudizio all’esercizio dei diritti afferenti alla proprietà:

a) saranno applicati gli interessi di mora, ai sensi del decreto legislativo n. 231/2002, a decorrere dalla data in cui sia maturato il diritto al pagamento;

b) il Venditore potrà sospendere la consegna dei Prodotti così come interrompere la garanzia fino alla sua ripresa, senza pregiudizio sulla relativa data di scadenza nonché imputare le somme fino a quel momento ricevute ai debiti scaduti;

c) l’Acquirente decadrà dal beneficio del termine con diritto per il Venditore di pretendere il pagamento immediato del debito residuo.

ART. 6 - TERMINI DI CONSEGNA

6.1 Se non diversamente concordato per iscritto, qualsiasi termine di consegna indicato non sarà vincolante per il Venditore. Salvo diverso accordo tra le parti, il termine di consegna è indicativo ed è quello precisato nella conferma d’ordine.

6.2 Qualsiasi responsabilità inerente le consegne derivante da forza maggiore o da altri eventi imprevedibili - elencati a titolo esemplificativo, ma non esaustivo, nel successivo art. 12 - non imputabili al Venditore, liberano quest’ultimo dall’obbligo di rispettare il termine di consegna pattuito anche se vincolante.

6.3 Indipendentemente da quanto pattuito in ordine alla resa (porto franco o assegnato) o ai costi di trasporto e di assicurazione, la consegna ed il conseguente trasferimento dei rischi si considereranno intervenuti, in ogni caso ed a tutti gli effetti, con il caricamento della merce sul mezzo di trasporto alla partenza presso lo stabilimento del Venditore.

6.4 Qualora l’acquirente non provveda al ritiro dei Prodotti o ad accettarne la consegna, il Venditore avrà la facoltà, trascorsi 15 giorni dalla diffida ed impregiudicati i rimedi previsti dalla legge, di risolvere il contratto e di rivendere al meglio i Prodotti non ritirati, comunicando all’Acquirente i termini e le condizioni di vendita, trattenendo in via definitiva e a titolo di penale, l’acconto e le eventuali rate di prezzo già versati dal Cliente. La differenza tra il prezzo contrattuale (maggiorato delle spese di custodia e conservazione) e quello ricavato dalla rivendita a terzi costituirà debito del Cliente, su cui maturano gli interessi di mora nella misura indicata all’art. 5.2, lett. a). È fatto comunque salvo il diritto del Venditore al risarcimento del maggior danno eventualmente sofferto.

ART. 7 - RISERVA DI PROPRIETA' E TRASFERIMENTO DEI RISCHI

7.1 Il Venditore conserva la proprietà dei Prodotti fino al completo pagamento degli stessi ivi compresi i costi accessori.

7.2 Intervenuta la consegna, l’Acquirente sarà responsabile per tutti i danni che i Prodotti potranno subire o causare.

7.3 Fino a che non sia intervenuto il completo pagamento, i Prodotti non potranno essere rivenduti senza il previo consenso scritto del Venditore.

ART. 8 - TERMINI DI GARANZIA

8.1 I Prodotti sono fabbricati nel rispetto della normativa applicabile ed il Venditore offre garanzia per un periodo di 24 (ventiquattro) mesi dalla data di consegna.

8.2 Qualsivoglia vizio deve essere denunciato con le modalità previste dal successivo art. 14 entro 8 (otto) giorni dalla data di consegna. In caso di vizi occulti il termine di 8 (otto) giorni inizia a decorrere dal momento della loro scoperta.

8.3 Qualora l’Acquirente sia un “Consumatore”, così come definito nell’art. 3 del Codice del Consumo (decreto legislativo n. 206/2005), la denuncia per l’eventuale difetto di conformità del Prodotto deve essere effettuata entro 2 (due) mesi dalla scoperta.

8.4 Il Venditore non è responsabile per qualsivoglia vizio dei Prodotti derivante da disegni, design o specifiche tecniche fornite dall’Acquirente, così come per i vizi derivanti da usura, inappropriato od inadatto magazzino o modalità d’uso, negligenza o imperizia, manomissione o alterazione dei Prodotti posti in essere dall’Acquirente o da terzi.

8.5 Il Venditore non è responsabile per danni o perdite di qualsiasi genere o natura occorsi alla totalità o parte dei Prodotti durante il trasporto, indipendentemente dal fatto che il trasporto si effettuato da un vettore incaricato da terzi, dall’Acquirente o dallo stesso Venditore, che in tale ultimo caso non assume nessuna garanzia in tal senso liberandosi dall’obbligo della consegna con la semplice rimessa al vettore.

8.6 Nel caso in cui un reclamo per difetti o vizi si riveli ben fondato, la garanzia sarà limitata alla sostituzione o alla riparazione dei Prodotti viziati o dei componenti difettosi con espressa esclusione di qualsivoglia risoluzione contrattuale, riduzione del prezzo, sospensione del pagamento o interruzione della garanzia. La sostituzione dei Prodotti difettosi sarà a discrezione del Venditore previa verifica presso i propri laboratori.

ART. 9 - LIMITAZIONE DELLA RESPONSABILITA'

9.1 Il Venditore non è responsabile per i danni diretti, indiretti e consequenziali senza limitazione alcuna, sofferti da cose o persone durante l’uso e/o la manutenzione dei Prodotti venduti. In tali casi l’Acquirente dovrà mantenere il Venditore esente ed immune da qualsivoglia eventuale domanda, azione, procedura e/o reclamo azionato da terzi danneggiati nei confronti del medesimo.

9.2 L’eventuale responsabilità del Venditore sarà, in ogni caso, limitata al costo dei prodotti difettosi che hanno dato origine a tale responsabilità così come quantificati dal prezzo netto fatturato all’Acquirente.

ART. 10 - DIRITTI DI PROPRIETA' INDUSTRIALE ED INTELLETTUALE

10.1 I marchi, brevetti, disegni, progetti, prototipi, segreti industriali, know-how così come qualsivoglia relativo diritto di proprietà industriale ed intellettuale sono di titolarità esclusiva di LEUCOS e rimangono di proprietà della stessa anche successivamente alla vendita dei Prodotti.

10.2 L’Acquirente per poter esporre i marchi e/o fregi del Venditore nell’ambito della sua attività deve ricevere per iscritto dal medesimo preventiva autorizzazione.

ART. 11 - RISOLUZIONE DEL CONTRATTO

11.1 Nel caso in cui l’Acquirente non effettui il pagamento entro il termine prescritto o si renda inadempiente in modo continuativo o grave senza porvi rimedio entro 30 (trenta) giorni lavorativi decorrenti dalla diffida inviata da LEUCOS, il Venditore potrà immediatamente risolvere il contratto, salvo ed impregiudicato ogni ulteriore diritto.

11.2 In ogni caso, LEUCOS potrà immediatamente risolvere il contratto, nel caso di dichiarazione di fallimento dell’Acquirente, liquidazione, sospensione dei pagamenti o pignoramento, insolvenza ovvero ogni altra situazione che possa incidere sull’adempimento dell’Acquirente.

ART. 12 - FORZA MAGGIORE

12.1 Se l’esecuzione del contratto o di ogni altra obbligazione (diversa dal pagamento) è ostacolata, limitata ovvero impedita da eventi di forza maggiore che persistano per più di 3 (tre) mesi, ciascuna parte potrà risolvere il contratto, senza responsabilità alcuna.

12.2 Per “Evento di forza maggiore” si intende ogni evento al di là del ragionevole controllo della parte interessata, inclusi, senza limitazione alcuna, sciopero, serrata, boicottaggio, guerra, insurrezione, guerra civile, atto vandalico, adeguamento a leggi o disposizioni governative, norme, regolamenti o direttive, incidente, guasto agli impianti o macchinari, incendio, inondazione, difficoltà, ovvero aumento dei costi della manodopera o dei trasporto nonché qualsivoglia altra circostanza in grado di compromettere la fornitura dei Prodotti.

12.3 La parte interessata informerà direttamente l’altra parte del verificarsi dell’evento di forza maggiore di cui abbia avuto conoscenza e che ritenga possa compromettere l’esecuzione del contratto.

ART. 13 - TRATTAMENTO DEI DATI PERSONALI

13.1 dati personali dell’Acquirente saranno trattati secondo quanto disposto dalla legge italiana in materia di trattamento dei dati personali (decreto legislativo n. 196/2003). Il Venditore informa l’Acquirente che il Venditore è il titolare del trattamento e che i dati personali dell’Acquirente vengono raccolti e trattati esclusivamente per l’esecuzione del contratto.
